

Praise Yah. Sabbath meeting. We saw Yah. One of the successful outreaches near Uganda border. We had Ugandans attending. The picture shows a quarter of the whole congregation . They said they will always want me to visit them annually to lead Sabbath services until people get used to them. I know change is a process and one day they will fully embrace the practice of Sabbath services. That's why I'm saying is one of the very successful meetings. This Friday am going to Kisumu City. They too want to know more about Yahusha.

Thanks for your prayers.

Thank you prayers
